## **DETAILED ACTION**

## **EXAMINER'S AMENDMENT**

- 1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
- 2. The application has been amended as follows: This application is in condition for allowance except for the presence of claims 8-13 and 25-28 to an invention non-elected without traverse. Accordingly, claims 8-13 and 25-28 have been cancelled.

## Allowable Subject Matter

- 3. Claims 1-7 and 14-24 are allowed.
- 4. The following is an examiner's statement of reasons for allowance: Claims 1-7 and 14-24 are allowed because the closest prior art of record fails to disclose a circuit as shown in Figure 2 wherein the phase locked loop includes a switching module (250) configured to vary the control current (or the gain of the detector) *in proportion to the inverse of N squared, wherein N is a ratio of an output frequency of the PLL to a reference frequency of the PLL in combination with the rest of the limitations of the base claims and any intervening claims.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably Art Unit: 2816

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Cassandra Cox whose telephone number is 571-272-1741. The examiner can normally be reached on Monday-Thursday from 7:00 AM to 4:30 PM and on alternate Fridays from 7:30 AM to 4:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Timothy Callahan can be reached on 571-272-1740. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
